

## ***New Rotary Wheel for Historic Inverness Sign***

More than 20 years ago the Rotary Club of Inverness participated with the City of Inverness to landscape the city-owned property in the Historic Courthouse area, where an "Inverness - Historic Olde Towne" sign was erected. The Rotary wheel was routed into the wood sign as recognition.

The passage of time, weather and insect infestations took their toll on the wood sign.

A new Rotary wheel, this time in brass, will be affixed to the new sign. Shown here with the wheel are club president-elect-elect Rob Tessmer, Jr., who worked with the city on the sign replacement, and current club President Jim Neal.
