

***Rotary Club of Inverness
Presents Scholarships to Two WTI Students***

Withlacoochee Technical Institute provides training for many students who are back in school for training after experiencing life-changing circumstances. The rotary Club of Inverness recognizes how difficult this is, and contributes scholarship monies to two deserving WTI students each year.

The club membership celebrated presentation of this year's scholarship funds by holding one of its April, 2011 meetings at WTI and inviting the honorees. Pictured L - R: WTI guidance counselor Brenda Miley; recipient Steven Burke; recipient Laura Richardson; Honorary Rotarian and county school superintendent Sandra "Sam" Himmel; and club president Charles Richer.

Recipient Steven Burke, a single father of a 2-year-old son, is enrolled in the Electrical Wiring Program. Recipient Laura Richardson, also a single parent, is enrolled in the Medical Administration Specialist program.

Congratulations and good luck to both!
