

## ***Birthday Boy Treats Us To a Concert***

Longtime Rotarian Lionel King celebrated his birthday at the August 9 Rotary Club of Inverness meeting by playing dulcimers that he made himself many years ago.

Assisted by fellow Rotarian Sherry Belliveau on the spoons, Lionel led the club in rousing renditions of several folk songs.

He also shared with the club the origin and history of string instruments, including the dulcimer.

Pictured above are Lionel, left, with Sherry on the spoons. Pictured to the left is Lionel with another of his favorite dulcimers, with a different sound from the first one.
